

## Community Construction Update

### CAMBRIDGE HOTEL – SURRY HILLS

February 2021

Activities	Impact
Site Establishment – Crane Installation	Completed
Site Establishment – Construction Works Zone Commencement	Completed  Managed footpath & vehicle movements to ensure public safety around site activities.
Site Establishment – Hoardings Installation	A Type B hoarding is completed with signage to be installed Continuation of Type A hoarding being erected along Lower Campbell Street with footpath closures to all footpaths directly abutting the worksite in the rear lane.  Traffic control managed footpath & vehicle movements to ensure public safety around site activities
Early Works de-establishment – Platform Removal	Managed footpath & vehicle movements to ensure public safety around site activities as required.
Commencement of Structure Construction	Managed footpath & vehicle movements to ensure public safety around site activities as required.

Hutchinson Builders will use the month of February to initiate construction through the commencement of the structure.

As always Hutchies aims to ensure our works have minimal disruption to the surrounding neighbourhood and we will monitor dust and vibration during demolition activities.

We thank you for your support of the project and invite you to contact us on the below details if you have any questions or would like to share feedback throughout the process.
